AxisPointe Ranks No. 509 on 2008 Inc. 5,000 List of Fast-Growth Companies

*AxisPointe makes the prestigious list with a three-year sales growth of 620 percent
And ranks No. 25 in the construction category*

SALT LAKE CITY, August 27, 2008 – Inc. today ranked **AxisPointe** No. 509 on its annual ranking of the 5000 fastest-growing private companies in the country. The list is the most comprehensive look at the most important segment of the economy – America’s independent-minded entrepreneurs. Taken as a whole, these companies represent the backbone of the U.S. economy.

In addition to ranking No. 509 overall in the nation, AxisPointe ranked No. 25 in the construction industry. AxisPointe provides outsourced post-construction services that eliminate the hassle, risk, and unnecessary cost during the builder warranty period. In January 2008, AxisPointe acquired Orem-based Asset Evolution to create a facility asset management division and recently launched it as AxisFM.

“Recognition from Inc. 5000 for our achievements over the past few years is a tremendous honor to AxisPointe,” said Andrew K. Smith, AxisPointe CEO. “We realigned our business objectives to avoid pitfalls that many others in our industry have faced and those decisions proved to be beneficial to our growth and continuing success.”

About AxisPointe

AxisPointe’s outsourced post-construction services eliminate the hassle, risk, and unnecessary cost during the builder warranty period. The company specializes in customized closing packets, buyer orientation and walkthrough, punch list management, warranty callback processing, service ticketing, work order management, and other warranty-related items.

AxisFM by AxisPointe is a facility asset lifecycle management system that enables controlled and organized growth, all-inclusive visibility, data-driven decision making, and bridges the gap between business officers and facility managers. Specializing in capital asset management, work management, and space management, AxisFM has fused and simplified the core facility management functions into a single, web-based, on-demand system. With AxisFM, organizations of all types and sizes can optimize their facility portfolios and eliminate the need for costly, on-going facility condition assessments.
